Greatest Bible News in 341 Years

Announcing publication of the Revised Standard Version of the Holy Bible

Authorized by the National Council of the Churches of Christ in the U. S. A.

For 16 years, leading Bible scholars worked at the Revised Standard Version of the Holy Bible. It is now ready—more accurate than any other version, and far easier to read.

It is based on the most authoritative manuscripts—some, recently discovered, more ancient than any previously known. It is written in the living language we use today, yet the poetic beauty of the King James Version is preserved. Here, at last, is a Bible *all* can read, understand, enjoy.

AVAILABLE IN THREE HANDSOME EDITIONS

Genuine leather edition—The same page size and easy-to-read printing as used in the buckram edition—bound in magnificent black genuine leather and stamped in genuine 23 karat gold. Red under gold edges, ribbon marker, each Bible individually boxed. \$10.00 per copy.

CLERGY CASSOCKS

TRINITARIAN STYLE

There are many excellent features in this style of cassock. One is the round cut at the right side of the front, snapped under three buttons. This permits an unusually good fit over the chest and across the shoulders. It also means the wearer will enjoy the comfort of a well designed and carefully made garment.

Your attention is called to the style of the back of this cassock.

The back is fitted, with a waistline seam and three pleats in the skirt. The deep pleats stay in place without any difficulty, hang beautifully and give fullness to the skirt, permitting it to hang well at all times. Sturdily lined to the waist.

JESUIT STYLE

The foremost features of this particular cassock are freedom and comfort. There are simply three fastenings, one hook at the neck and one at either side at the waistline. These hooks hold the skirt evenly both at the waist and the hemline. Regardless of the movement of the arms this cassock will not gap. It is designed to be comfortable and at the same time to look trim and neat. A good part of this is due to the newly designed back. The back is fitted, with a waistline seam and three pleats in the skirt. It is the same style as illustrated for the back of the Trinitarian cassock. Sturdily lined to the waist.

"AND CAN IT BE"

The famous "Hymn Five" by Charles Wesley, is widely sung at all the Bryan Green Missions. "The theology of this hymn," says Bryan Green, "is very important."

On the reverse side, as a companion piece, is "Psalm 150," setting by Cesar Franck.

Both selections have been sung by the splendid parish choir of All Saint's Church, Norristown, Pa., and recorded on a 10 inch, 78 RPM, non-breakable record, packaged for mailing. . \$2.10

SUPERFRONTALS

These altar Superfrontals are made of excellent quality damask such as Pure Silk and Bemberg Rayon. All Church colors are available in these damasks. The embroidery is beautifully done by skilled personnel long trained in this work. For instance, one design will be done in brilliant yellow gold, another in two shades of gold and others with added natural colors for the detail. All of these frontals are lined with gold color rayon satin and trimmed with gold color 3-inch rayon fringe in such fashion that the fringe is mounted on the damask at the lower edge. Lining and fringe of a color corresponding to the damask will be used on special order only, and when materials of matching colors are available. Should you have a special design you would like us to copy we will do so or we will be glad to work from your pencil sketch.

DOSSALS

The prominent figures in the above designs make them particularly appropriate for dossals. These damasks are available in red or green, the usual preference being red.

The dossal is made either full or plain. To attain fullness pinch pleats are used and the dossal is lined. The plain dossal is usually unlined.

When the dossal is wider than the altar a $3\frac{1}{4}$ " galloon at each edge of the dossal runs the full length from top to bottom, with another strip of galloon from the top of the dossal to the extreme top ends of the altar. Should the dossal be the same width as the altar, then there is one strip of galloon on each edge of the dossal from top of dossal to top of the altar.

Upon receipt of your measurements we shall be very glad to quote.

Style A is made of a Quality Rayon Faille in purple with purple and gold galloon or black with black and silver galloon. A Greek Cross of $3\frac{1}{4}$ inch galloon runs the full length and width of the Pall. The four sides of the Pall are edged with $\frac{1}{2}$ inch banding. The Pall is lined with a corresponding shade of satin lining.

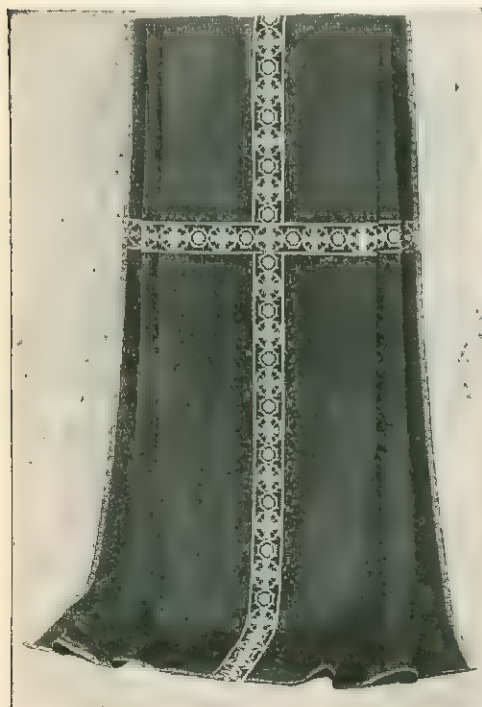

Price.....\$75.00

Style F is beautiful and dignified and may be had in Bemberg Rayon Damask in purple with a Greek Cross running the full width and length of the Pall and is made of $3\frac{1}{4}$ inch purple and gold galloon. CHORAL ROBES

THE PELHAM

The Pelham

Wide flat pleats hang from the front of a carefully tailored yoke, while fluting extends over the shoulders and across the back. The resulting fullness drapes beautifully. Pointed sleeves drape gracefully from the shoulder.

The fly front with strong hooks and eyes is the most satisfactory closing. The deep armholes are bound, insuring longer wear, and the entire gown gives comfort and satisfaction. This gown is designed to be worn by men or women.

THE WISTER

The two front panels are brought together over a fly front with hooks and eyes. The fluting starts at these panels, follows the line of the tailored yoke to give a draped fullness in front, over the shoulders and across the back. The full pointed sleeves fall gracefully with the motion of the arm.

Since these gowns are made in our own workrooms, we can assure you complete satisfaction.

A sample garment will gladly be sent on approval.

THE MERION

The Merion

Stole and sleeve lining of a contrasting color expresses individuality in this particular gown. The shaped stole lies flat on the tailored yoke, follows the contour of the neck, hanging gracefully and always in position. All yokes are tailored so that they always hold their shape.

This gown is the same as the Pelham with the stole and sleeve lining added. This gown is for the use of men or women, and can also be worn with the sleeve lining omitting the stole. A monogrammed stole is an attractive variation.

THE ALDEN

The Alden

This gown, as with all the others, is worn with ease and comfort. All yokes are beautifully fitted and set well around the neck and are firm, yet light in weight. The specialized equipment which we have developed produces a unique type of fluting which is deep and full, and the hand-work assures an excellent finish. A contrasting color in the collar and cuffs suggests another style and treatment of two colors. This gown can be worn as illustrated, or with either collar or cuffs.

The prices below are for the complete outfit as illustrated. If only the stole or the lining is desired see prices for accessories below and add the price of the Pelham gown.

A sample garment will gladly be sent on approval.

See opposite page for measurement chart.

MARBLE BAPTISMAL FONTS

Marble is noted for its durability. Its permanence is beyond question.

Marble is the most beautiful and suitable material for Baptismal Fonts. Illustrations cannot convey the variety of colors, nor the beauty of texture and veining, but they show the beauty of design cut from this ageless material.

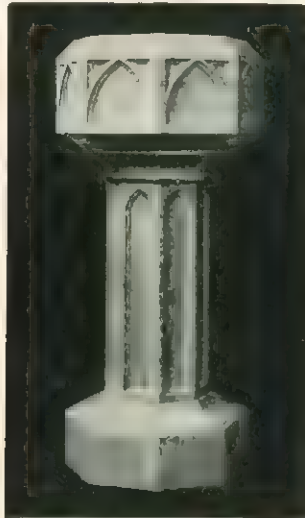

White marble with green clouding has a character which harmonizes with the furnishing of any church.

Plastic basins are supplied with each font, transparent, waterproof and easily removable these liners greatly facilitate cleaning and prevent crystallization of salt on the polished surface of the marble. Inscription 60c per letter, periods 30c.

BOOKS FOR EVERYONE

THE SILVER CHALICE

By Thomas B. Costain

The subject is an illusive one that has been approached tentatively through the centuries — the mystery of the holy grail. Mr. Costain visualized the cup used by Jesus at the Last Supper in the hands of Joseph of Arimathea, an ancient and godly man who seeks a way in which the holy cup can be preserved. He locates a gifted silver worker, an artist who has been falsely enslaved; he frees him, brings him from Antioch to Jerusalem, commissions him to make the container for the cup — and thereby thrusts on young Basil a strange and dangerous mission. Many adventures came his way — all of which make an extremely interesting tale. The story is told with Mr. Costain's accustomed skill in recreating the richness of detail in background, period, setting — from Jerusalem to Antioch to Nero's court in Rome\$3.85

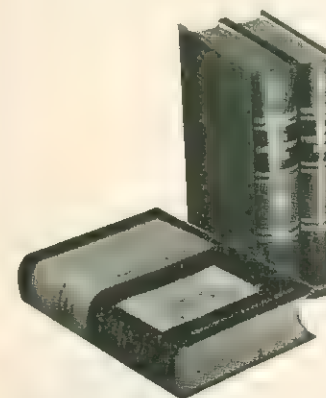

THE LIVING BIBLE

Edited by Robert O. Ballou

A shortened version for modern readers based on the King James version. There are a few exceptions, such as "The Logoi," the recently discovered pre-gospel sayings of Jesus, and several books of the Old Testament Apocrypha are represented. Repeated passages are eliminated, along with those of interest to scholars. Special arrangements and editing make the reading easier and puts greater emphasis upon the spirit of the text.

The Living Bible has many uses, admirable for young people at home or school, ideal for family reading or group study. An excellent condensed version of the Bible ..\$3.75

THE INTERPRETER'S BIBLE

The Interpreter's Bible is the most complete and the most practical working tool ever devised to help you in your preaching ministry. It brings to you the best that reverent scholarship has discovered about the Bible. More important, it brings to you almost inexhaustible practical help that you will use every day for the rest of your active ministry. It brings to you the work of 146 of today's most able scholars, editors and pulpit masters. They have been at work seven years before the first volume is published. Six more years will be required to complete the project — thirteen years to compress into twelve large volumes the fruits of their 146 lifetimes of study, research, learning and experience in teaching and preaching Bible truths. The Interpreter's Bible is being called "Christendom's Most Comprehensive Commentary." It is truly that. There has been nothing like it in our generation; we are confident that it will not be surpassed in our century.

The Episcopal Church Series

Construction

The Episcopal Church Series is made up of six divisions, or departments, starting with the four year olds and progressing through the school to the Bible Class or adult group.

Each department is a three year course except the Beginners which is a two year course.

This means there is a lesson and a help for each Sunday in the year resulting in a winter course of nine months and a summer course of three months.

Both the Lessons for the pupils and the Helps for the teachers are issued quarterly and are made up of 32 pages and cover.

Experience in teaching has shown the need of a well planned program, properly developed, so that as the pupil progresses through the school from Beginners department to Bible Class department he will receive an adequate and well-rounded background of religious training, according to the age group in which he belongs. This vital need, in any training program, has been amply covered by our editors.

In turn, this gives the superintendent and the teacher an effective means for religious instruction as is shown in the curriculum on the opposite page.

The cost has been kept moderate so that the average church school can afford to subscribe.

Basic Principles

1. Based upon the teaching of the Bible and Prayer Book.
2. A graded program adapted for use in the small school as well as the large school.
3. They are practical—being fitted to the spiritual and mental scope of the age-period for which they are written.
4. Written especially for the boys and girls of the Episcopal Church.
5. Easy to teach—satisfactory to the trained teacher, having been written by trained teachers, yet deliberately written to be usable by the vast majority who are not "trained teachers."
6. Our editorial policy has consistently stressed the duty of every Christian to be a missionary of the Faith.
7. Practical and constructive "Helps" for the teacher.

In convenient form the lessons for the pupils are issued quarterly and are made up of 32 pages and cover. The Teachers' Helps are also published quarterly and consist of 32 pages and cover. The cost is moderate and well within the means of any school.

LIVING IN JESUS' DAY CUT-OUTS

Delightful new packet of Biblical figures in full colors—people, animals, objects, and backgrounds—to be cut out and assembled for “make believe” life in Palestine of long ago. Over 50 stand-up cut-outs can be placed in upright position in front of scenery and moved around as desired.

A complete house, typical of those 2,000 years ago, with stairway and movable roof, can be assembled. Children will “relive” the Bible stories as they place furniture and people about the house. The characters’ activities—such as cooking, carpentering, playing, going to the well for water, etc.—are also explained in detail in a separately available storybook, “Living in Jesus’ Day” (price, 60c.), which can be used to supplement the cut-outs. Six sheets, 13½ x 19 inches, printed on heavy paper. Complete set in envelope.

BIBLE PEOPLE CUT-OUTS

A storytelling toy in full color to delight every child! Different, instructive, creative, entertaining.

This unusual handwork set has been prepared for the youngster's own use. Noah, Jacob, Joseph, Moses, and David are the familiar characters whose Bible lives can be dramatized.

Stand-up cut-outs of figures can be placed in upright position in front of one of three panoramic background scenes as the story is presented. The child can move the people around or “shift the scenery” at will. In the life of Joseph, for example, the child can cover various episodes, such as Joseph being put into the well; sold into slavery; interpreting Pharaoh's dream; favored by Pharaoh; and forgiving his brothers. Set in envelope, 10 x 14 inches.
